Analysis

Solution

Unlock the Full LeetCode Experience

Company problems, Ask Leet, and expert editorials — all in one plan.

Runtime

0 ms | Beats -%

Memory

0.00 MB | Beats -%

The chart displays performance metrics for the submission. The top section shows runtime performance, with a blue bar indicating the submission's runtime is 0 ms, which is faster than all other submissions (Beats -%). The bottom section shows memory usage performance, with a grey bar indicating the submission's memory usage is 0.00 MB, which is also faster than all other submissions (Beats -%). The x-axis for both charts ranges from 0 ms to 4 ms.

Code | Java

```
1 class Solution {  
2     public int[] runningSum(int[] nums) {  
3         int sum = 0;  
4  
5         for (int i = 0; i < nums.length; i++) {  
6             sum += nums[i];  
7             nums[i] = sum;  
8         }  
9  
10        return nums;  
11    }  
}
```
